FROM THE PRINCIPAL

Dear Parents and Community Members,

The Oregon State Report Card is produced annually by the Department of Education from student data provided by the school district. The Report Card is intended to summarize Daly Middle School's particular successes and challenges based on a combination of up to five factors; Smarter Balanced test scores in reading and math, student achievement data, student growth data, and the growth of under-served subgroups. The report card indicates the students at Daly Middle School are performing at or above the average when compared to same student groups statewide. In continued efforts to improve the achievement gap, Daly Middle School is committed to school wide initiatives and programs such as;

Avid, staff professional development, best teaching practices and strategies, academic enrichment programs, and positive behavior and support programs. As always, we cannot do this work alone. Student success at school relies on strong parental and community support. Whether it be assisting with homework, attending parent-teacher conferences, volunteering at the school, or being involved in the mentor program, your assistance and support is always appreciated.

Thank you,

Principal | Jesse Hamilton
